O R D E R

This matter arising upon the motions of Joan and Gary Merrifield and Kim and Joe Weyer (hereinafter referred to collectively as "Petitioners"), and it appearing to the Commission that the Petitioners have a special interest which is not otherwise adequately represented, and that such intervention is likely to present issues and develop facts that will assist the Commission in fully considering the matter without unduly complicating or disrupting the proceedings, and this Commission being otherwise sufficiently advised,

IT IS THEREFORE ORDERED that:

1. The motions of Petitioners to intervene are granted.
2. Each Petitioner shall be entitled to the full rights of a party and shall be served with the Commission's Orders and with filed testimony, exhibits, pleadings, correspondence, and all other documents submitted by parties after the date of this Order.

3. Should any Petitioner file documents of any kind with the Commission in the course of these proceedings, said Petitioner shall also serve a copy of said documents on all other parties of record.

Done at Frankfort, Kentucky, this 4th day of November, 1996.

Re: Case No. 96-076

We are writing in regards to the possible erection of a 125' mobile net tower behind the property adjacent to ours in Ft. Thomas, Kentucky. First of all we need to let you know how much we are opposed to this possible project. We did not respond to an August 8 letter due to a death in the family whereas this letter was overlooked. We were made aware just yesterday how close this monstrosity would be to our residential neighborhood, and we are very angry.

Please do not allow this to happen! This is a residential neighborhood with many children. We have poured so much money into our homes just on the upkeep of these old Ft. Thomas houses. Please do not destroy what we have done and decalve our property in this way. We really feel that if the occupants of Good Shepherd could have realized what was to be created, they never would have agreed to a lease. They don't even want children sledding on their hill in the winter let alone allow such an eyesore to be built in their backyard.

Would those of you making these decisions allow this to happen in your backyard? We don't think so!!!

Sincerely,

Joan and Gary Merrifield
918 Highland Avenue
Ft. Thomas, KY 41075

Re: Case No. 96-376

Dear Mr. Mills.

We are writing in regards to the plans by GTE Mobilnet Inc. to erect a 125' monopole with attached antennas and an equipment cabinet directly behind the property line of 914 Highland Ave., Ft. Thomas, KY. We are extremely disgusted by this proposal!!!

We wrote a letter dated October 12 to your office which stated our position on this matter. We live at 918 Highland Avenue, and we feel this tower would significantly devalue our property. We also feel there may be health risks involved in living close to such a tower.

Please do not allow this to happen to our neighborhood! Think of what you would do if they wanted to erect this in your backyard.

We, along with several neighbors in Ft. Thomas, are requesting intervention in this matter.

Sincerely,

Joan Merrifield

October 13, 1996

Dear Neighbors on Highland Ave.,

We have been made aware of plans by GTE Mobilnet Inc. to erect a 125' monopole with attached antennas and an equipment cabinet directly behind the property line of 914 Highland Ave. Needless to say, we are extremely disgusted!!

A representative from the city of Ft. Thomas will be attending an informal hearing on the matter tomorrow in Frankfort. The city is also against the erection of such a monstrosity.

Please help us fight the destruction of our neighborhood by writing to:

Executive Director's Office
Public Service Commission
of Kentucky

PUBLIC SERVICE
COMMISSION

Dear Mr. Mills,

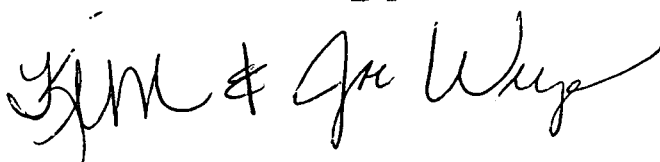

We are writing in reference to the plans by GTE/BT&T to erect a 125' monopole with attached antennas and air equipment cabinet at 930 Highland Ave., Ft. Thomas, KY. We are very much opposed to the plan.

We are requesting intervention in this matter. Not only is the idea of this monstrosity being an eyesore, we are concerned about the health and safety issues involved. We have been told that there are no health risks involved, but this is new technology and there is NO GUARANTEE that in 10 to 20 years some risks might develop. There are 4 children that reside in close proximity to the proposed tower.

Also, there is an existing Cellular One tower in close proximity. Why can't these companies work together off

of the existing tower. I realize that they are competitors, but for the sake of our neighborhood and children, please help us. Fort Thomas is known as the City of Beautiful Homes and we'd like to remain a part of that.

Sincerely,

A handwritten signature in cursive script that reads "Kim & Joe Weyer".
